Contract for Services		Garten Services Inc.	\$ 100,000.00	Contract for the hauling and recycling of electronic waste collected at SKRTS and North Marion. This contract is retroactive back to July 1, 2017.  Public Works has been contracting with Garten Services since 2008 under the State of Oregon's QRF program. It came to our attention that the services provided by Garten Services in this contract may not actually meet the specific requirements spelled out under the QRF program and that we may have flexibility in selecting another contractor.  Once we were informed that Garten Services was still a QRF provider for these services, we sent them a contract. However they needed to have the State review the terms of our contract again to be sure that it's in compliance with the QRF rules.  In all this process took much longer than anticipated, in part because of staff turnover at the State and because our own internal interpretation required input from several people.  This was a unique circumstance that we don't foresee happening again so we do not anticipate this delay in the contracting process in the future.	FALSE	Public Works	9/1/2017	8/31/2022		9/18/2017
