Contract for Services Amendment	1	Garten Services Inc.	\$ 100,000.00	Contract for the hauling and recycling of electronic waste collected at SKRTS and North Marion. This contract is retroactive back to July 1, 2017. Public Works has been contracting with Garten Services since 2008 under the State of Oregon's ORF program. It came to our attention that the services provided by Garten Services in this contract may not actually meet the specific requirements spelled out under the ORF program and that we may have flexibility in selecting another contractor. Once we were informed that Garten Services was still a ORF provider for these services, we sent them a contract. However they needed to have the State review the terms of our contract again to be sure that it's in compliance with the ORF rules. In all this process took much longer than anticipated, in part because of staff turnover at the State and because our own internal interpretation required input from several people. This was a unique circumstance that we don't foresee happening again so we do not anticipate this delay in the contracting process in the future. Amendment 1 makes the contract retroactive back to July 1, 2017, which should have been the case when the contract was originally signed (for the reasons stated above), but was overlooked. Memorandum of Understanding	N/A	Oregon Health Authority	\$ -	The Zero Suicide Initiative is a commitment to suicide prevention in health and behavioral health care systems. It is also a specific set of tools and strategies. Its core propositions are that suicide deaths for people under care are preventable, and that the bold goal of zero suicides among persons receiving care is an aspirational challenge that health systems should accept and work toward. This approach aims to improve care and outcomes for individuals at risk of suicide in health care systems.	TRUE	Health	6/15/2018	9/30/2019		9/12/2018
