 Kristin Kuenz-Barber, Co-Chair Earlene Camarillo, Co-Chair
Staff: Phil Blea Ryan Matthews Ann-Marie Bandfield Kandi Schuff (R)

Agenda Item	Notes
Call Meeting to Order	Meeting called to order at 10:00 AM
Approve Minutes	Minutes from 4/21/22 MHAC Meeting approved as written.
Overview of CHIP & CHA	Susan McLaughlin and Kat Mullins gave a presentation on CHIP & CHA.
Overview of OHA Audit	<p>Ann-Marie gave a summary of the exit (overview) interview with the OHA Auditors. One area identified as needing improvement is the individual service plans for clients and the need for identifying goals that are attainable; and showing measurement. Some of this is due to a lot of change in staff. Positive feedback received in regard to the breadth of services Marion County is providing, including HER Place and the upcoming HIS Place, and that we have one of the most robust crisis centers in the State. Final report from OHA has not yet been received but we are hoping to receive it within the next month.</p> <p>Once the Audit Report is available, Kristin & Earlene stated this might be a good opportunity for the MHAC to help identify performance challenges or issues and what our group can do to support Marion County in the work they are doing.</p>
988 Dispatch	Northwest Human Services was awarded the contract to provide 988 Dispatch services. This will be a great asset for our region because they do the crisis hotline and have done a wonderful job with that through the years & have a great structure for responding to those phone calls. Discussed the details on the planning and building that will be taking place to begin the additional services.
Positive Note	May is Mental Health Awareness Month. Kristin encouraged everyone to check out the Marion County Facebook page, as well as the NW Human Services page.

Minutes

Other	Dr Harrington suggested we invite Josh Graves from the Hope Project to speak to our group.
Next Meeting	Kristin suggested the group come back next month with thoughts on: <ul style="list-style-type: none">- What sort of data can we advise on- Any advisory, ideas around the new processes with 988
Meeting Adjourned at 11:05 am	

Next Meeting: June 16, 2022
