X	Rod Calkins – Marion HD	A	Jackie Haddon - VMH	
X	Scott Richards – Marion HD	X	Phil Blea - CBH	GUESTS
X	Tim Markwell – NPC	A	Dawn Cottrell – Caps	
X	Terry Dethrow - NPC	X	Dwight Bowles - Caps	
X	Paul Logan - NWHS	X	Christina McCollum - Caps	
X	Steve Allen - Options	X	Janette Cotton - Caps	

Agenda	Document	Time	Intro	Discussion/Decision
Review Minutes	Handout			Minutes accepted as presented
Announcements		11a-11:10	All	Effective immediately interns no longer need a variance request.
Capacity <ul style="list-style-type: none"> • Capacity Intake Appointments/Google Calendar • Managing Impact of New Enrollments • Co-location • LOC 		11:10-Noon	Cary	Google calendar averaged 17 appointments a week in the system when initiated; now that number has dropped to 10. 79% access within 14 day time frame; 5% decline overall. In April the IDS reported 140 available appointments in the system. In May that number dropped to 90. Agency hiring may alleviate some of the access problems. There has been feedback from some intake coordinators that they are not receiving enough information from the behaviorists to begin the intake process. Marion County CAPS urges agencies to participate in the Google calendar system as this is our commitment to the BCN. Members able to obtain initial appointments but cannot receive ongoing treatment at times. No shows continue to be a chronic issue. Discussed disconnect between reporting of available appointment and actual weekly capacity. Agency specific referral processes discussed and interest in simplification and consistency to expedite referrals and improve sense of coordination.

Lunch				
Primary Care & MH Provider Communication		12:10-12:20	Cary	CAPS has received feedback from one PCP clinic regarding lack of communication between providers/agencies. Seems to be consistent issue around information between PCP's and Behaviorists and where that information is located. It was suggested that there be contact between Behaviorist/clinics to determine point of contact at each PCP clinic. More requests from PCP regarding co-location. Discussion needed around models/placements and whether we are serving the right group of members at co-locations based on levels of care. This is necessary for service, intensity and need of member. Cary will take issue to BCN and maybe WVCH clinical advisory panel.
Secondary Authorization		12:20-12:45	Cary	Fewer secondary authorizations going through system. Budgets no longer tied to secondary authorizations so it was thought that they would increase. Agencies not seeing this as a large issue but agreed the processes need to be reviewed and discussed. Data Managers group met with Clinical Supervisors regarding secondary authorization process.
Committee – Reports <ul style="list-style-type: none"> • WVCH • Clinical Sups • Intake Coordinators • Data Managers 		12:45-1:00p	All	CCO hired new director, Bill Guest, who will start officially in August.
