Scott Richards, MCHD
Cary Moller, MCHD CAPS
Dwight Bowles, MCHD CAPS
Christina McCollum, MCHD CAPS
Steve Kuhn, MCHD CAPS
Phil Blea, MCHD CBH

Meeting called to order at 11:10am

I. Announcements

- ❖ Tim from New Perspectives announced they are experiencing major staffing changes, but continue working to fill remaining positions.
- ❖ Rebecca announced CCC has a new director, Marcus Burgland, he begins on Monday the May 17th.
- ❖ Gwen from Options announced this is her last meeting, and her last day at Options is June 3rd. She will continue her private practice and supervision. She added that Options is now fully staffed again.
- ❖ Cary went over the DMAP rate change of the G0177 & G0176. She stated both codes reimbursement rates have changed and each agency should expect a refund request from PhTech as a result of this change.
- ❖ Cary also announced that the House Bill 3114 will be effective June 30th. This bill states foster children taking more than one antipsychotic medication must have consent from their DHS caseworker.
- ❖ Rod and Geoff talked about the AMHI initiative; they stated they are looking into residential services for the adult mentally ill on a regional basis. Geoff added the BCN does not anticipate have as many people as they initially projected to serve in AMHI.
- ❖ Rod announced there is a new SAMPSA grant being issued for early childhood services. We are trying to get a application ready by May 17th

- ❖ Tim from Bridgeway said the GOBHI training went very well with a focus on consumer involvement. He was very impressed with all the art pieces that were done there.

II. Minutes Review

- ❖ The minutes of April 12, 2010, were reviewed and approved.

III. SPMI Subcommittee Report

- ❖ Rod stated 45 people were enrolled in the Friendship House and most are still with the Health Department. The current numbers reflect: 25 members still with the Health Department, 15 members have left or completed services, and 4 members are without a primary mental health provider, 1 member is enrolled with Northwest Human Services.
- ❖ Rod stated the Friendship House was a day support program for many people. The question is what are the people doing during the day that previously used Friendship House.
- ❖ Paul stated there were many gaps in the system and that HOAP Program is a resource for some.

IV. IDS Reports

- ❖ Dwight explained handouts.
- ❖ Cary reminded group the incentive are evaluated @ 2 targets: for 80-85 % and 90-95 % of expected.

V. Integration projects

- ❖ Cary explained handout on Co-Location Logistics. The top portion of the handout is what is currently being used under PEO. Cary is working with BCN to include code H0031 (Mental Health Assessment done by QMHP). AMH has approved brief paperwork requirements which will allow for some billing encounters.
- ❖ Terry added that PEO3 and PEO6 are being used as well even though they were not on the handout.
- ❖ Cary asked the current agencies that are doing Integration work in the PCP offices to provide feedback and sustainability in the services being provided.
- ❖ Scott spoke on behalf of the Health Department and stated things are going well. The PCPs offices were having issues initially, but they have been sorted out. The smaller locations have a more welcoming feel for the clients

- ❖ Tedra from Easter Seals stated staff at PCP office, Childhood Health, seem to be working very well together. Mental Health staff very involved in the clinic seeing each client at time of PCP appointment instead of the clients coming to her later at a follow-up appointment.
- ❖ Lona stated Childhood Health has started scheduling clients they felt could use a therapist consult during the days the therapist is available. The therapist really enjoys the integration services.
- ❖ Terry from New Perspectives discussed how the integration efforts are going with the therapist that is assigned at Salem Pediatrics. She states that ½ time is spent with the clients. The therapist schedules the client into the time the provider has available. She does not go with the PCP to the client's appointments. With the time spent, only 26% of it is billable. She adds the majority of the patients the therapist sees are children with private insurance.
- ❖ Cary stated that they have added the 59 Modifier to track integration work and staff need to use for ease of data.
- ❖ Tim Murphy-BRS shared BRS integration work between MH & A&D services and staff. He stated that they have 2 days where the physicians are there and 2 days where the nurse practitioners are there, also that he has noticed they are having difficulty getting the clients engaged with other physicians and other places.

VI. MCHD Latino Project Report

- ❖ Phil gave a Latino Outreach Program presentation.
- ❖ The mission was to increase access and awareness of services to the Latino population in Woodburn and northern Marion County. He discussed each of the functions of the folks under the Latino Outreach Program, these included Promotores, QMHAs, and QMHPs. The program provided linkages to different community services that families were not previously aware of.
- ❖ As a result of the efforts provided by the Latino Outreach Program, there was an increase in services, particularly case management and mental health assessments.

Meeting adjourned at 1:05pm
