PVC Reduction Committee Meeting Minutes

In attendance: John Mathews, Ellen Twist, Michael, Jeff Bickford, Glenn Zimmerman.

Discussion: Raising limit by 1000 tons per year on receiving out of county infectious medical waste, educating on back yard burning and diverting PVC from the WTEF to Brown's Island and eventually recycling it if possible. Emphasis on actually removing PVC from the burner and reducing / eliminating back yard burning of PVC and other toxic and dioxin producing solid waste.

Glenn Zimmerman, PVC Subcommittee of SWMAC.
