Marion County

Board of Commissioners

Welcomes you to the

**150 Miles for 150 Years
Awards Reception**

September 17, 2009

Ode to 150 Miles for 150 Years

We've traveled many a mile
 Having fun all the while
 Learning the lore of Marion County
 Viewing the land and all its bounty
 Rivers and lakes, fields and streams
 Thing of which you find in dreams
 Acres of gold, purple and pink
 Trees so tall they make one think
 How lucky we are to live in a place
 Where the earth is full of God's beauty and grace
 And the people we met along the way
 Made the trips special, so what can we say
 Except 'thank you' to those who planned the tour
 That showed us a County so rich and mature
 You've opened your coffers of valuable treasures
 So we could enjoy them and share the pleasure
 Of a land rich in beauty, history and fun
 A land we can love through rain and sun

— Yvonne Reynolds

It was very enjoyable and we learned a little history a long the way. We were able to do the 150 miles in our 1911 Model T Ford Tourings, except for Idanha and Detroit because the road was to treacherous so we used our modern car. Thank you for creating the Passport game it was a wonderful experience.
Chris & Louise Feskins

Just finished the trip and wanted to say we had a blast. Even though I lived in Silverton from 1954 -1973 and Salem from 1978 until today and have traveled to each and every one of the communities I never stopped to really check out any of the history.

This trip not only provided me with a new found love of the small towns but also gave us the chance to stop and shop, talk and visit with members of those communities. We enjoyed it so much we have encouraged our daughter to take the trip with our grand-kids so they may experience all that surrounds us.

Thank you for the thoughtful way to celebrate Oregon and Marion county.
Best Regards,

Doug & Debbie Quintall

We started at Idanha. We got the information at the City Hall and then walked just a short distance to get to the local geocache. There was an RV parked in the lot as we went by but we saw no one. Soon they came out of their RV and asked us what we were looking for. It gave us a chance to tell them both about the 150 years event and also about geocaching. Had a nice visit before we all went our ways.

As we continued on our tour we were pleased to see what to us looked like fairly new welcome signs to some of the cities. They showed a real dedication to bringing attention to their cities. We were also impressed with the friendly people we met along the way. In a couple of instances we had to ask for help to find the location referred to in the Passport book. Whether it was a store, a person walking by or the person at an information area, they all were friendly and wanted to help us. This was especially true in Detroit and Aurora. We were also pleased to see the signs at many of the locations we visited for the passport that referred to the Marion 150 celebration and in some cases were a sign specifically answering the passport question.

We truly enjoyed doing the tour. We got on some new roads and saw some new areas where we hadn't been before. We thank the county and the committee for putting together a fun event.

Pat Ehrlich & Jim Willhite

We have had a wonderful time doing the Oregon 150 in Marion County on our motorcycle. It's amazing how many times we have passed by or through these smaller cities and have never really discovered them. Thank you for putting this together and making it available to us. We went back to Aurora today to try and find a better answer for the Octagon building, but we are convinced there is none better than the one we originally obtained.

Steve & Nancy Sanchez

It was great fun for me and my children-great way to plan for picnics, explore our wonderful county and how diverse even one county is-from mountains to farmland! we did this over the summer, planning expeditions and finding places of "mom, we have to go back there!" It's renewed an interest of our Oregon history. As a fifth generation Oregonian it's really been fun to relate family history to some of the spots as well. And getting lost and having to search out the 'not so obvious' was part of the adventure. I felt good with supporting our local merchants when visiting the places too. We do share a rich heritage! Thank you for all the hard work and thought placed into this project!! Many family memories of fun adventures this summer!

Ann (Golden) Wood

Thank so much for putting this together. We had a lot of fun visiting the county and the various cities.

The
Woodley Family

We had a great time. Enjoyed taking a closer look at our county. We spent the better part of 3 days exploring and decided we need to take more time in several areas. Thanks for all the work in putting the passport idea together.

Ron Chase &
Karna Johnson

I just wanted to share something with you. When I saw this program, I wanted to do it with my son Paul (who is 20) but thought he would roll his eyes, etc. We lost my oldest son, his brother, in January and I wanted to do this as something to give us together time in an otherwise busy summer. From the first city we went to (Idanha) to the last (Mt. Angel, as that's where we live) he kept saying how much fun we were having. Thank you for the program, it served a special purpose for us.

Lynell & Paul Hoffer

We traveled most of the route in our 1924 Model T Ford. The only area that we used a modern car was Detroit and Idanha because we don't take the Model T's on high-speed roadways with limited passing opportunities.

Arnold & Linda Anderson

150 Miles for 150 Years Awards Reception

Program

- 🌀 **Welcome and congratulations from board chair, Commissioner Patti Milne**
- 🌀 **150 Miles for 150 Years poem by Yvonne Reynolds**
- 🌀 **Comments from Commissioner Janet Carlson and introduction of Marion County OR 150 Committee Co-chairs Amy Vandegrift and Bill Penhollow**
- 🌀 **Marion County Oregon 150 Committee recognition**
- 🌀 **150 Miles for 150 Years tour experiences**
- 🌀 **Reading of names of all who registered passports**
- 🌀 **Distribute certificates and coins for registered passports**
- 🌀 **End of the program but please feel free to stay, mingle and share your 150 tour experience with others**
