"Support Youth Programs and Enhance the Fair for Future Generations"

In executing this mission, the Marion County Fair Foundation supports specific projects and needs of the Marion County Fair:

- Showing pride in our agricultural history and heritage,
- Introducing youth through education, to community activities, by fostering interests to support, preserve, and improve the fair for future generations, and
- Giving young and old alike a venue to display, with pride, the results of their labor.

Through its financial support, the Marion County Fair Foundation will:

- Seek to provide resources for financial assistance to deserving youth for agricultural education and endeavors, and
