**On-line Community Health Survey for Marion County Residents Launched**

Marion County Health Department and a group of more than twelve agencies providing health and social services are asking the public to participate in an on-line survey. The survey will allow residents of Marion County to share their opinions about the community's health and quality of life.

The information will be used by the agencies in planning and delivering services, so it is hoped that a large number of Marion County residents will participate. The survey is easily found by going to the Health Department's website at <http://www.co.marion.or.us/HLT/> and clicking "take our on-line survey". Surveys are available in Spanish and Russian as well as English.

Residents who do not have access to the Internet can find a copy of the survey at the health department offices in Salem at 3180 Center St. NE or 2421 Lancaster Dr NE; in Woodburn at 302 W. Hayes St; in Stayton at 1377 N 10<sup>th</sup> Ave; and in Silverton at the McClaine Street Clinic at 442 McClaine Street. Those who are unable to get to one of the Health Department offices can call 503-588-5357 for other locations.
