**SEPTIC TANK PUMPING
AND INSPECTION FORM**

If your sewage system is more than five (5) years old and the septic tank has not been pumped within the last five (5) years, follow the directions below. If you have proof that the septic tank has been pumped within the last five (5) years, (A) will not be required.

- A. The septic tank must be pumped by a DEQ licensed septic tank pumper.
- B. The septic tank pumper must complete the form below and provide a receipt to the customer.
- C. A field inspection may be required by our onsite staff to verify the location and condition of the septic system.
