Marion County Public Works Announces Change in Hours

Marion County Building Inspection, Planning, and Land Development Engineering & Permits sections will change their office hours from the current 7:30 a.m.- 4:30 p.m. schedule to 8:00 a.m. - 4:00 p.m. beginning Monday, May 18, 2009. This change affects only the public works office in Courthouse Square, downtown Salem.

“This time change will help us ensure we have qualified staff available to assist customers with permits and to answer building and development-related questions,” explained Public Works Director Bill Worcester. “In addition, it will help us provide and maintain the levels of service our customers deserve, despite significant staffing reductions we’ve had to make for budgetary reasons.”

For more information, call the office at 503-588-5038 or 503-588-5147 or visit www.co.marion.or.us/PW/.
