Draft of Mid Year Anti-Drug Status Report

Dan Estes asked the Council members if they had any suggestions to improve the Draft Anti-Drug Strategic Plan Report.

Comments:

- Something should be added into the report that discussed the on going co-operation between cities, the county, and chambers of commerce. Anna said that she would send some written comments to Dan Estes for inclusion.
- The MCPSCC is ahead in terms of how it has dealt with the meth issue, local cooperation and coordination. Other local public safety councils may not be as grass rooted.

Q: Is this just a report on what Marion County as a government entity does? City of Salem was given four officers in 2004 to work on meth. Chief Moore will write up some notes and also send to Dan Estes for inclusion in the report.

Faith, Education and Health Breakfast Planning Updates

Anna mentioned that she and Rod Calkins have been working with the Salem Hospital and the Marion Polk Hospital Society to coordinate (a) partnership breakfast meeting(s). One of the Council members suggested that the insurance companies also be consulted.

Ruth Hewett reported that there is not much coordination that can take place with the schools until teachers return to work. She mentioned that she had

spoken to Dr. Casey who offered to have the MCPSCC come and visit, and that they were exchanging dates for a meeting.

Anti-Drug Toolkit

Dan give a brief update on the Anti-Drug Toolkit Website that the Information Technology Department, Sheriff's Office, Health Department and the Children & Families Commission were currently developing.

Adjourned.

The Council members then went on a Jail Tour.
