

## Parenting Class Series for

# Fathers of Young Children

For dads with children ages birth to 8 years

Improve your parenting skills in this interactive program based on a curriculum developed by Purdue University. This four-week series provides a supportive environment for fathers to build confidence and discuss ways to build healthy father/child relationships.

Class topics include:

- Understanding your child's growth stages through play, language development and art
- Styles of fathering
- Developmental theories
- Teaming up with your parenting partner
- Parenting without a partner
- Choosing childcare
- Special milestones like starting school
