

Interesting Places to Check Out

Rebuilding Center

3625 North Mississippi Ave
Portland
503-331-1877
www.rebuildingcenter.org/

The ReBuilding Center is a popular destination for homeowners, do-it-yourselfers, contractors, artists, and enthusiasts interested in building with affordable, environmentally low impact materials. With an inventory that changes by the hour, The ReBuilding Center carries the largest variety of quality used building materials in the region.

Environmental Building Supply

819 SE Taylor Street
Portland
503-222-3881
www.ecohaus.com

Environmental Building Supplies feature many options to build or remodel in a healthy and more sustainable way. Their focus is on natural and renewable materials, like FSC-certified wood products, wool carpets, cork and natural paints. They also offer low-toxic, energy-efficient, solar and recycled content products.

Bring Recycling

Reuse Warehouse
86641 Franklin Blvd.
Eugene
541-746-3023
www.bringrecycling.org/

BRING Recycling is one of the nation's oldest non-profit recyclers. Since 1971, they have encouraged people to rethink what they use and what they throw away. They help the community keep useful items out of the landfill, find ways to use less stuff, reuse as many things as possible and recycle the rest.

Aurora Glass

St. Vincent de Paul Society
2345 W. Broadway
Eugene
541-681-3260
www.auroraglass.org

Aurora Glass, part of St. Vincent de Paul, manufactures products for wholesale and retail sale, as well as creating custom works large and small.

Recycled Gardens

6995 NW Cornelius Pass Rd
Hillsboro
503-626-4070
www.poppainc.org/

Sells donated plant material. Money raised is used to reduce the number of homeless companion animals in Oregon by offering a state-wide spay/neuter referral and assistance service.

Pringle Creek Community

2050 Strong Rd Se
Salem
503-930-4541
www.pringlecreekcommunity.com

Pringle Creek Community, the largest sustainable community in the Pacific Northwest, is a 32 acre mixed used development located on the historic Fairview property. This development is focusing on regenerating and restoring the land and existing buildings. The project's developers plan to build affordable homes that will minimize impact on energy, air, and water while preserving most of the trees and keeping plenty of green space.

Marion County Compost Demonstration Site

At the Oregon Garden
Silverton

See a variety of active composters and a worm bin. Composting information and instructions on how to build composters are available.

Your Green Home
2811 NN Grant Ave
Corvallis
541-754-7336
www.yourgreenhome.com

Source for healthy home and environmentally sensitive building supplies, including flooring, paints, carpets, and plasters.

Bargain Building Supply
Albany Area Habitat for Humanity
34177 Hwy 99 East
Tangent

The Bargain Building Supply sells building supplies and home items to the public and the profits from sales help support the building program for the Albany Area Habitat for Humanity.

Free Geek
1731 SE 10th Ave.
Portland
503-232-9350
www.freegeek.org

Free Geek is a nonprofit organization that recycles used technology and provides computers, education and access to the internet in exchange for a few hours of community service.

Habitat for Humanity ReStore
66 SE Morrison
Portland
503-283-6247
www.pdxrestore.org

ReStore is a unique fundraising project for Habitat for Humanity. Their warehouse has all kinds of building materials you need to build a home.

Community Cycling Center
1700 NE Alberta St.
Portland
503-546-8864
www.communitycyclingcenter.org

The Community Cycling Center provides programs for low-income youth and adults and a professional retail bike shop that is open to the public and sells refurbished bicycles. Bicycles and parts are donated then fixed by volunteers and staff.

SCRAP (School and Community Reuse Action Project)
3901 A North Williams
Portland
503-294-0769
www.scrapaction.org

SCRAP is a materials reuse program and a resource for inexpensive materials to be used in educational and arts settings. Items that would otherwise have been thrown away are available at low cost. Reuse information, ideas, inspirational displays and a workshop room are available to the public.

Jean Vollum Natural Capital Center
721 NW Ninth Ave.
Portland
503-467-0767
www.ecotrust.org

A revitalized warehouse with a focus on green building techniques used in the reconstruction of the site and the stormwater management system included in the project (including an ecoroof), as well as the history of the building and the mission of the sustainable business and organization within the building.

CART'M
34995 Necarney City Road
Manzanita
503/368-7764
<http://cartm.org>

CART'M has a resale store specializing in used building materials, but including everything from books to toys to household items and furniture. These items are rescued from dump loads or brought into the center by community members.
