RECYCLE ART CALENDAR

In the spring of 2014...

students in Marion County were preparing their entries for the annual Recycle Art Calendar Contest. The students were encouraged to think critically about waste reduction, reuse, and why it is important to recycle.

Fourteen students in several grade categories received awards of gift cards valued from \$100 to \$200. Students with winning entries were also awarded certificates that were presented to them by the Marion County Board of Commissioners, Mid-Valley Garbage and Recycling Association (MVGRA), and Marion County Public Works – Environmental Services (MCPWES) at a televised ceremony in December.

MCPWES and the eight garbage and recycling companies of MVGRA provide ongoing recycling awareness and education by offering presentations, classes,

recycling demonstrations, and free learning materials to the community. If you are interested in learning more about recycling and the conservation of our natural resources, contact Mid-Valley Garbage & Recycling Association at (503) 390-4000 or Marion County Public Works - Environmental Services at (503) 588-5169. Protect our air and water - REDUCE, REUSE, RECYCLE!

This art calendar was coordinated and developed by Griselda Puga, MCPWES Waste Reduction Coordinator; Todd Irvine, General Manager of MVGRA. All K-12 students that live in Marion County are welcome to participate in the upcoming contest. For more contest details, please call (503) 566-4159 or email gpuga@co.marion.or.us.

Printing these calendars on 100% post-consumer recycled paper saved the equivalent of...

1,911 lbs. of greenhouse gases

979.5 lbs. of solid waste

8,761 gallons of water

20 fully grown trees

116 gallons of gasoline

Like batteries, electronics also contain heavy metals that are potentially hazardous if leached into the environment. To save energy and natural resources - and prevent potentially hazardous metals from entering local ecosystems - be sure to donate, reuse or recycle your unwanted electronics every time.
