PROCEDURE:

- A. Planning staff will review the application for compliance with the County Backyard Burning Code Chapter 8.70 and other applicable ordinances and regulations. Depending on the size and duration of the burn request, staff may request comments from other County departments and affected agencies and special districts.
- B. The application will be approved or conditionally approved if it clearly complies with all regulations. If not, the application will be denied.
- C. If all necessary information is provided at the time the application is submitted, the permit will be approved or denied on the same day, if possible. If not, a copy of permit will be sent to the applicant indicating whether the permit is approved or denied, in approximately 1-10 days.

APPLICATION REQUIREMENTS:

Incomplete applications will not be accepted. A complete application consists of the following that must be submitted:

- A. The attached application form filled out in ink.
- B. Site Plan on a separate 8½ x 11 sheet of paper, drawn in ink, and showing the location of the proposed burn site and its distance from structures, property lines, and roads.
- D. A written statement which explains your reasons for the request and how it conforms to the Marion County Code Chapter 8.70 and any other pertinent regulations. At a minimum, the statement needs to identify the materials to be burned, the date and time of the burn(s) and where on the property the burn(s) will occur. A copy of the Code Chapter is available upon request and is also on the Planning Division website at <http://www.co.marion.or.us/PW/Planning>.
- E. Filing fee: Make check payable to Marion County.

IMPORTANT NOTE REGARDING PROPERTY WITH A COMMERCIAL BUSINESS: State of Oregon Department of Environmental Quality (DEQ) regulations currently prohibit commercial businesses from burning unless a special burn permit has been obtained from DEQ. Marion County Ordinance #1279 regulating the County's backyard burn permit program specifically states the ordinance is "...in addition to, and not intended to replace, the provisions contained in Division 264 of the Oregon Administrative Rules" (DEQ Rules for Open Burning). As a result, Marion County will not issue backyard burn permits to a property operating a commercial business. For information on obtaining a special burn permit from DEQ, contact their office at (503) 229-5359.
