TITLE

Approval of the Beneficiary Agreement and Memorandum of Understanding for the American Rescue Plan Act (ARPA) funded projects.

Issue, Description & Background

In June 2021, Marion County received the federal ARPA Allocation of \$67M. Through a grant application process, the BOC approved various eligible projects and awarded funds to county departments.

Financial Impacts:

All projects are funded through the American Rescue Plan Act, Coronavirus State Fiscal Recovery Fund and Coronavirus Local Fiscal Recovery Fund

Impacts to Department & External Agencies

Several departments and a not for profit are receiving funding to support critical programs and infrastructure.

Options for Consideration:

- A) Approve award allocation to attached applicants
- B) Decline award allocation to these applicants
- C) Take no action at this time

Recommendation:

- A) Approve award allocation to attached applicants

List of attachments:

For 8 applications each, a review sheet, an agreement, the application, and attached exhibits B,C,D,E,F,G

MARION COUNTY
MEMORANDUM OF UNDERSTANDING
BO-4570-22

American Rescue Plan Act of 2021
Coronavirus State and Local Fiscal Recovery Funds

This Memorandum of Understanding ("MOU") is entered into between **Marion County Board of Commissioners Office**, hereinafter referred to as "Board", and **Marion County Community Services**, hereinafter referred to as "Department".

Recitals

- A. WHEREAS, on March 11, 2021, the American Rescue Plan Act ("ARPA") was signed into law and established the Coronavirus State Fiscal Recovery Fund and Coronavirus Local Fiscal Recovery Fund, together which make up the Coronavirus State and Local Fiscal Recovery Funds ("SLFRF") program with the Assistance Listing Number (ALN) 21.027. The ARPA/SLFRF program is to provide support to State, territorial, local and Tribal governments in responding to the economic and public health impacts of COVID-19 and in their efforts to contain impacts on their communities, residents, and businesses; and
- B. WHEREAS, the total ARPA/SLFRF funds allocated to Marion County, as published by the U.S. Treasury, is \$67,559,569, may use funds that meet ARPA/SLFRF eligibility requirements; and
- C. WHEREAS, Marion County Community Services, a department within Marion County, submitted an application to the Board for \$3,000,000 in ARPA/SLFRF relief funds to support Detroit Marina Excavation and Resiliency Project under the U.S. Treasury eligible category Revenue Replacement; and
- D. WHEREAS, during a meeting on January 26, 2022, the Board approved the application from the Department; and

Agreement

NOW THEREFORE, the parties understand as follows:

1. Incorporation

The foregoing Recitals are incorporated herein by reference, provided, however, that the Recitals are not to be deemed to modify the express provisions hereinafter set forth. This MOU includes the following exhibits which are incorporated herein:

- Exhibit A (The Application)
- Exhibit B (Required Federal Terms and Conditions)
- Exhibit C (Federal Funding Information for Subrecipients) – Not applicable
- Exhibit D (Federal Funding Accountability and Transparency Act Certification)
- Exhibit E (ARPA/SLFRF Capital Expenditure Justification Form)
- Exhibit F (ARPA/SLFRF Reporting Requirements Form)
- Exhibit G (Marion County Disbursement Request)

2. Term of MOU

This MOU covers the period **March 3, 2021 through December 31, 2026**. Department's costs must be obligated by December 31, 2024 and must be expended by December 31, 2026.

3. **Work to be Performed**

Department shall perform the work described in Exhibit A, The Application (the “Work”) in accordance with the terms and conditions of this MOU and other applicable law whether or not described in this MOU. Department shall perform its obligations hereunder efficiently, effectively and within applicable grant timelines, all to the satisfaction of Board.

Changes to the Work by the Department shall require the prior written approval of Board. Requests for and justification of any change must be submitted in writing to the Board and be approved in writing by the Board prior to commencement of the requested change.

4. **Consideration; Reporting**

- a. The Board has agreed to make an award of funds to the Department not-to-exceed amount of **Three Million Dollars (\$3,000,000.00)** (the “Grant”). Grant disbursements shall be a reimbursement of funds to Department, based on the budget submitted in Exhibit A, under the following U.S. Treasury eligible category: Revenue Replacement.
- b. Grant distributions will be made by the Board and Designee to Department monthly with receipt of Exhibit G, Marion County Disbursement Request, that includes supporting documentation and attestation by Department’s authorized signer. The exhibit and supporting documentation shall be sent to ARPArecovery@co.marion.or.us or.
- c. Any desired use of funds by Department that differs from the Work must first be approved in writing, by Board. 100% of the Grant must be used to provide services as indicated in the Work.
- d. The Board and Designee shall provide the report templates to the Department no later than June 15, 2022. See Exhibit F for reporting due dates and requirements.

5. **Confidentiality**

Department shall and shall require and cause its Subcontractors and vendors to protect the confidentiality of all information concerning clients and other applicants for and recipients of services funded by this MOU. Neither it nor they shall release or disclose any such information except as necessary for the administration of the program(s) funded under this MOU, as authorized in writing by the client, applicant or recipient of such services, or as required by law. All records and files shall be appropriately secured to prevent access by unauthorized persons.

Department shall and shall require and cause its Subcontractors and vendors to ensure that all its officers, employees and agents are aware of and comply with this confidentiality requirement.

6. **Subcontractor Monitoring Requirements**

Department shall monitor Subcontractor to ensure that the procurement, receipt, and payment for goods and services comply with Federal statutes, regulations, and the terms and conditions of Federal awards. The Department, at a minimum, shall review Subcontractors records and if necessary, perform onsite visits to monitor the activities and expenditures as is reasonable to ensure compliance with applicable ARPA/SLFRF program requirements or as otherwise directed by the Board, but in no case less than at least once during the term of this MOU.

The activities of any Subcontractor shall be monitored to ensure, *inter alia*, that grant funds are used only for authorized purposes in compliance with this MOU, including but not limited to specific program requirements, and that performance goals are achieved as specified in the Work.

7. Expenditures Properly Supported

Expenditures and Requests for Funds shall be supported by Department with properly executed payroll and time records, invoices, contracts, vouchers, orders, canceled checks and/or any other accounting documents pertaining in whole or in part to the MOU (or in the case of Subcontractors, under their respective contracts with Department) in accordance with generally accepted accounting principles and applicable state and federal requirements, including as specified herein and as outlined in 2 CFR 200. The Board or its Designee may require such other information or clarification as it deems necessary or appropriate in its sole discretion.

8. Disallowance of Costs

Department shall cooperate and shall cause its Subcontractors to cooperate with the Board and all appropriate investigative agencies when unallowed or disallowed costs are discovered. The Department shall assist with recovering said costs.

9. Subcontractor Agreements

Department shall require and cause its subcontractors to comply with all applicable provisions of this MOU between the Board and Department, each of which must be specifically incorporated into the Subcontractor contracts in a manner satisfactory to the Board.

All of Department's subcontractor agreements related to this Agreement must include language specifying that such agreements are subject to termination upon such a directive to Department by the Board and that the Board shall not be liable to any of the parties of that agreement or to other persons for directing that such agreement be terminated.

Department shall have a written contract with each subcontractor that is listed in and consistent with the Department's Work that identifies:

- a. The services that the Subcontractor must provide related to the project.
- b. The laws and regulations with which the Subcontractor must comply under the terms of the agreement (including but not limited to program specific requirements such as eligibility criteria, public policy for protecting civil rights and the environment, Subcontractor government-wide administrative mandates affecting the Subcontractor's accounting and record keeping systems, and local laws imposed by Department).
- c. The Department's and the Board's monitoring rights and responsibilities and the methods used by Department for monitoring.
- d. A provision to certify that the Subcontractor is an independent contractor and not an agent of the Board or of Department.
- e. Department may enter into agreements with contractors or subcontractors (collectively, "Subcontracts") for performance of the Project.

Department shall take all reasonable steps to cause its contractor(s) that are not units of local government as defined in ORS 190.003, if any, to indemnify, defend, save and hold harmless the Board and its officers, employees and agents (“Indemnatee”) from and against any and all claims, actions, liabilities, damages, losses, or expenses (including attorneys’ fees) arising from a tort (as now or hereafter defined in ORS 30.260) caused, or alleged to be caused, in whole or in part, by the negligent or willful acts or omissions of Department’s contractor or any of the officers, agents, employees or subcontractors of the contractor (“Claims”). It is the specific intention of the parties that the Indemnatee shall, in all instances, except for Claims arising solely from the negligent or willful acts or omissions of the Indemnatee, be indemnified by the contractor from and against any and all Claims.

- f. Department shall include Exhibits B, D, E, G, and F on all procurement and contract documents and require all contractors or subcontractors to comply.

10. Department Procurements

Departments are responsible for ensuring that any procurement using ARPA/SLFRF funds, or payments under procurement contracts using such funds, are consistent with the procurement standards set forth in the Uniform Guidance at 2 CFR 200.317 through 2 CFR 200.327, as applicable. All procurement transactions for property or services must be conducted in a manner providing full and open competition. Department must ensure adherence to all applicable local, State, and federal procurement laws and regulations.

11. Prevailing Wage

If this project meets the requirements under U.S. Treasury’s FAQ dated April 27, 2022, section 6.15, the Davis-Bacon Act requirements (prevailing wage rates) do not apply to projects funded solely with ARPA awarded funds. Departments and Subcontractor(s) may be otherwise subject to the requirements of Davis-Bacon Act, when APRA funds are used on a construction project in conjunction with funds from another federal program that requires enforcement of the Davis-Bacon Act. State of Oregon Prevailing Wage Laws will apply to these funds.

- a. The prevailing wage rate requirements that may apply to the Project are set forth in ORS 279C.800 through 279C.870, the administrative rules promulgated thereunder (OAR Chapter 839, Division 25) and Oregon Laws 2021, chapter 678, section 17 (collectively, state “PWR”), or, if applicable, 40 U.S.C. 3141 et seq. (federal “Davis-Bacon Act”). If applicable, Department shall:
 - i. comply with PWR, require its contractors and subcontractors to pay the applicable PWR or Davis-Bacon Act rates, as applicable, and to comply with all other Oregon Bureau of Labor and Industries (“BOLI”) requirements pursuant to the PWR, including on all contracts and subcontracts and in filing separate public works bonds with the Construction Contractors Board;
 - ii. pay to BOLI, within the required timeframe and in the appropriate amount, the project fee required by OAR 839-025-0200 to 839-025-0230, including any additional fee that may be owed upon completion of the Project; and
 - iii. unless exempt under Section 17(2) of Oregon Laws 2021, chapter 678, if Department is a “public body” and the Project is a “qualified project,” as those terms are defined in Section 17(3) of Oregon Laws 2021, chapter 678, Department shall require each contractor in a contract with an estimated cost of \$200,000 or greater to:

- 1) Enter into a project labor agreement that, at a minimum, provides for payment of wages at or above the prevailing rate of wage;
 - 2) Employ apprentices to perform 15 percent of the work hours that workers in apprenticeable occupations perform under the contract, in a manner consistent with the apprentices' respective apprenticeship training programs;
 - 3) Establish and execute a plan for outreach, recruitment and retention of women, minority individuals and veterans to perform work under the contract, with the aspirational target of having at least 15 percent of total work hours performed by individuals in one or more of those groups; and
 - 4) Require any subcontractor engaged by the contractor to abide by the requirements set forth in subparagraphs (i), (ii) and (iii) above, if the work to be performed under the subcontract has an estimated cost of \$200,000 or greater.
- b. Department represents and warrants that it is not on the BOLI current List of Contractors Ineligible to Receive Public Works Contracts and that it will not contract with any contractor on this list.
 - c. Pursuant to ORS 279C.817, Department may request that the Commissioner of BOLI make a determination about whether the Project is a public work on which payment of the prevailing rate of wage is required under ORS 279C.840.

12. Amendments

This MOU may be amended only by a written instrument executed by the parties or by their successors.

II. Project Information *(not exceed a total of 25 single-sided, 8.5" x 11" numbered pages)*

1. Describe the organization that will manage the project and include the following:
 - a. Total estimated project budget
 - The total estimated project budget is \$3,953,956.02
 - b. Estimated start date and completion dates
 - Pending the award of ARPA funding, the estimated project commence date is April 2022, with estimated completion in Fall 2026.
 - c. List the project team. Include the name, title, employer, and a high-level overview of their role in the project.
 - The Detroit Marina Excavation and Resiliency Project is proposed to be managed by Marion County through its Community Services Department.

The project team for the Detroit Marinas excavation project will consist of:

Project Team			
Name	Title	Employer	High-Level Project Role
Danielle Gonzalez	Economic Development Management Analyst 2	Marion County	Key County Project Manager
Kelli Weese	Economic Development Coordinator	Marion County	Assist with project management and reporting
Krista Ulm	Contracts Specialist	Marion County	Manage solicitations and contracts
Lorrie Biggs	Budget Analyst	Marion County	Financial management and reporting
Tamra Goettsch	Community Services Department Director	Marion County	Signatory authority for contracts, final management, and oversight of project management team
Kevin Cameron	County Commissioner	Marion County	Project Sponsor

2. Describe the project need and the impact the project will have on the local community and Marion County.

The Detroit Marina Excavation and Resiliency Project is a critical factor to providing economic security for the rural timber communities in the North Santiam Canyon. In 2020, these areas were devastated first by the COVID-19 pandemic that brought travel and tourism to a halt, and then by the catastrophic Beachie Creek / Lionshead wildfires that consumed 193,573 and 204,469 acres in the immediately adjacent recreation area.

In recent years, the water level at the Detroit Reservoir has been inconsistent due to drying weather patterns, downstream habitat temperature control requirements, and municipal water needs. Detroit Lake Marina and Kane's Marina are located above shallow shelves, requiring the marinas to close their docks increasingly earlier as water is

drained from the lake. In recent years, Detroit Lake has routinely failed to reach the ‘full pool’ seasonal depth of 1,569 feet necessary to support a robust and viable lake recreation season.

Given multiple compounding economic impacts of the COVID-19 pandemic, 2020 fires, and repeated lower water levels at the Detroit Reservoir, Marion County seeks to assist Detroit Lake Marina and Kane’s Marina to maintain an annual summer lake season of May 1st to October 1st. The project consists of the strategic excavation of 162,000 cubic yards of sediment underneath the existing boat docks during the

winter reservoir draw down period(s) at the Detroit Lake Reservoir. The removed sediment materials are anticipated to be deposited in the surrounding region. Through the excavation of the sediment underneath the existing docks and boat slips, the marinas will be able to operate down to 1,525 feet. The project is to provide viability and stability for these anchor businesses that are vital to the regional economy.

Detroit Lake is the primary outdoor recreation activity that draws outside visitors that are crucial to the economic recovery of the region. These marinas serve as the economic engines for the area as they provide moorage and boat rentals and as the base for RV camping and other lodging facilities. All area businesses depend on a recreational season of May 1st to October 1st to maintain solvency year-round; it has been reported that approximately 60% of annual revenue for these businesses is generated in the month of August alone.

This project enjoys widespread community support from the City of Detroit, Marion County, Detroit Lake Marina, Kane’s Marina, state and regional recreation and travel organizations, Detroit Lake Area Business, and Recreation Association. Additionally, the local jurisdictions throughout the surrounding North Santiam Canyon area support the resiliency projects for the marinas as they serve as a vital linchpin of summer recreation business in the region.

The estimated direct and indirect economic impacts from the completion of the project throughout the region are estimated at \$1.2 million annually. Over 20 years, the net economic value for the region is estimated to be \$14.6 million for this project.

3. Describe the project proposal to be accomplished. Identify each project element and include a timeline and key team member(s) who will work on the project.

The project consists of three phases including:

- Phase One: Field testing and immediate mitigation actions- COMPLETE
- Phase Two: Sediment disposal location selection, engineering, and permitting
- Phase Three: Sediment removal and placement

This project is currently in Phase Two and requires additional resourcing to complete the project. Below is an overview of the work anticipated for each phase.

Phase One: Phase one is complete and consisted of the initial field testing, engineering of gang plank placement, extension of gang planks, installation of upgraded pilings, lifts, gearboxes, cabling, anchors, and replacement of pumpout dump stations. In addition, this phase included urgent upgrades to the retail operations of these businesses. The efforts were necessary to allow the business to continue to operate in the low water year to reach the water levels. The retail operations upgrades help to urgently diversify the revenue streams to allow for the marinas to

remain viable through that immediate year. This work reportedly saved 10 jobs in Detroit that year. Unfortunately, the long term viability issue remains.

Phase Two: Phase two of the project will include site analysis of potential properties for sediment placement and subsequent engineering and responses to satisfy permitting agencies. This evaluation will require coordination with property owners, advanced engineering for at least three locations and finally the approval of permits to move directly into construction.

- It is anticipated that Phase Two will consist of approximately 32 months, beginning approximately January 2022 and completion August 2024.
- Key internal Marion County project team members will comprise of Community Services Department staff including Tamra Goettsch, Danielle Gonzalez, Kelli Weese, Krista Ulm and Lorrie Biggs. In addition, consultant services are proposed. Community partners include Detroit Lake Marina, Kane's Marina, State and regional recreation and travel organizations, Detroit Lake Business and Recreation Association.

Phase Three: This phase the project consists of the movement of the removed sediment from the marinas and placement to the selected location(s). Phase Three will commence once all permits have been received for the project.

- It is anticipated that Phase Three will consist of approximately 24 months depending on the timing and weather within the in-water work period granted under the permit applications.
- Key project team members will include Community Services Department staff including Tamra Goettsch, Danielle Gonzalez, Kelli Weese, Krista Ulm and Lorrie Biggs, as well as consultant services.

	Project Element	Expected Timeline	Team Members
Phase II	Project Commences (upon award)	January 2022	Danielle Gonzalez
	Contracted Project Manager Solicitation, Selection and Contract Execution	January 2022-June 2022 (6 months)	Danielle Gonzalez, Kelli Weese, Krista Ulm and Tamra Goettsch
	Sediment Disposal Location(s) Identification, CRITICAL Milestone	August 2022-February 2023 (6-7 months)	Danielle Gonzalez, Contracted Project Manager
	Site Testing, Dredge, and Disposal Engineering	March 2023-February 2024 (12 months)	Danielle Gonzalez, Contracted Project Manager
	Permitting Applications Response Time and Construction bidding	February 2024 to August 2024 (6-7 Months)	Danielle Gonzalez, Contracted Project Manager
	ALL CONTRACTS MUST BE COMPLETED FOR CONSTRUCTION NO LATER THAN DECEMBER 2024		
Phase III	Construction during Work Window, must be completed in Winter Reservoir Draw Down Periods	Fall 2024- Fall 2025 (1-2 Winter Seasons)	Danielle Gonzalez, Contracted Project Manager
	Completed Projects	December 2026	Danielle Gonzalez
Admin.	Ongoing Project Monitoring of Contractor, Support, and Reporting	January 2022 to Phase III completion	Danielle Gonzalez, Contracted Project Manager, Krista Ulm, Lorrie Biggs, Kelli Weese and Tamra Goettsch

4. Describe how the project meets the ARPA eligible categories and the specific category requirements according to U.S. Treasury Guidelines; see [State and Local Fiscal Recovery Funds \(marion.or.us\)](https://www.co.marion.or.us/BOC/CD/Pages/fiscalrecoveryfunds.aspx).
<https://www.co.marion.or.us/BOC/CD/Pages/fiscalrecoveryfunds.aspx>

The Detroit Marinas Excavation and Resiliency Project meet the criteria for:

2. Negative Economic Impacts – 11. Aid to Tourism, Travel or Hospitality

Including the following eligible use category specified in the American Rescue Plan Act:

To respond to the public health emergency or its negative economic impacts, including assistance to households, small businesses, and nonprofits, or aid to impacted industries such as tourism, travel, and hospitality.

During the COVID-19 pandemic, tourism related industries, including the Detroit Marinas, were forced to close during the Spring/Summer of 2020. The proposed project will aid the marinas, and in turn provide additional stability to all the related businesses and industries in the Santiam Canyon region.

- a. Describe how the project meets the ARPA period of performance.

The County expects that ARPA funds for construction will be obligated no later than December 2024 and the county expects all projects made possible using ARPA funds will be completed no later than December 31, 2026. The critical pathway for this project hinges on securing a nearby location to dispose of the dredged material of approximated 162,000 cubic yards no later than 2023.

5. Is this project included in an adopted City/County or organization's plan or another documented community need? For example: City Infrastructure Master Plan, City Economic Development Plan, City Transportation Plan or City Strategic Plan, etc.

Detroit Marina Excavation and Resiliency Project are listed as an action / task within the Marion County 2020 Strategic Plan through Goal 5 – Economic Development stating:

- 1. Continue to advocate for excavating the Detroit Marina and finding alternative strategies to draining Detroit Lake, recognizing the impact to economic development and water supply in the N. Santiam Canyon and Salem.*

6. Describe the organization's experience as a sub-recipient. Describe the capacity to successfully manage and submit reporting requirements for the proposed project as a sub-recipient of federal awards.

The Detroit Marina Excavation and Resiliency Project is proposed to be managed by Marion County through its Community Services Department. All reporting and funding allocation requirements will be coordinated among the Marion County Legal and Finance Departments in accordance with adopted contracting rules.

Marion County has been a recipient and sub-recipient in the past and has a clean federal audit. Publicly available Federal Grant Compliance Reports since 2018 have indicated that Marion County has complied in all material respects with the compliance requirements for its major federal programs. The Federal Grant Compliance Report for 2020 is available on our website at <https://www.co.marion.or.us/FIN/Pages/Financials.aspx>

Marion County Community Services Department understands that it must comply with the Financial and Performance Reporting Requirements as detailed by the U.S. Treasury's CSLFRF Compliance and Reporting Guidance, Part 2. Marion County understands that project reporting requires quarterly Project and Expenditure Reports, due within 15 days of the close of each quarter in the County's fiscal year. Marion County further understands that project reporting requires annual Performance Reports, due within 15 days following the close of the County's fiscal year.

Marion County Community Services will leverage the expertise of the project's team members to ensure that all reporting requirements are managed and submitted for the proposed project in accordance with federal requirements and those set forth by the County.

7. Identify and describe partnerships the organization has secured to assist with the project?

It is anticipated that Marion County will continue to utilize Phase One relationships built and in coordination with the City of Detroit, Business Oregon, Detroit Lake Marina, Kane's Marina, State and Regional Recreation and Travel Organizations, U.S. Forest Service and the Detroit Lake Business and Recreation Association.

8. Describe how the operations will be funded after the project is complete.

Once sediment material has been successfully moved to an approved location, the project will be complete until future sediment inflows dictate the need for further excavation.

The marinas will maintain the land above the high water mark as required by their lease. The U.S. Forest Service is expected to maintain the property that is the jurisdiction of the U.S. Army Corps of Engineers and up to the high water mark for the Detroit Reservoir.

9. Identify and describe other Federal, State, or local government funding the organization has applied for, including ARPA funds from governments. Include the source(s) and amount(s) applied for, and any awards received.

Phase I Grants to Date	Detroit Marina	Kane's Marina	Santiam Ice Company	Consultant/Project Management	Total by Entity
Oregon State Marine Board	\$35,603	\$11,687			\$47,290
Marion County	\$35,000	\$20,000	\$25,000	\$35,000	\$115,000
Business Oregon				\$15,000	\$15,000
Total	\$70,603	\$31,687	\$25,000	\$50,000	\$177,290

Previously submitted federal earmark requests to the federal legislators in 2021 have been passed over on this project. In 2018, this project was submitted for funding to the Oregon Regional Infrastructure Fund. While the project made it to the final round, it was not selected.

10. Identify and describe other non-governmental funding sources (e.g. fees, donations, grants) the organization has applied for, include the source(s) and amount(s) applied for, and any awards received.

Both marinas involved in this project have contributed to this resiliency project as indicated above. The costs to the marina owners for the permit applications submitted to the U.S. Army Corps of Engineers have not been captured.

11. If the total ARPA funding request is not granted, how will the organization be able to complete the project?

If the total ARPA funding request is not granted, the county will need to find a different source of funding for this project. Marion County Economic Development is funded with revenue from the Oregon Video Lottery and has allocated some of its funding in the past for the Detroit Marina's project. However, the scope of the Detroit Marina's project requires more funding than is currently available. If this project is not funded through County ARPA funds, future requests for other resources need to occur.

12. Describe how the project will meet project deadlines – include engineering. Identify any reports or other information related to the project such as completed engineering, architectural, or design studies or other technical studies required for the project. Identify the name and a brief description of the completed study. Marion County will request copies of these studies during the technical review period.

In order to meet the project deadlines, the County intends to contract out the location selection, permit consulting, engineering, and construction management portions of the project. The relevant state and federal agencies have already been engaged with this project and have weighed in on what remains unresolved. Once a suitable location for the sediment is selected the remaining engineering and planning can occur.

EXHIBIT B

**APPENDIX II TO PART 200—CONTRACT PROVISIONS FOR NON-FEDERAL
ENTITY CONTRACTS UNDER FEDERAL AWARDS**

- Contracts for more than the simplified acquisition threshold currently set at \$100,000, which is the inflation adjusted amount determined by the Civilian County Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 U.S.C. 1908, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate.
- All contracts in excess of \$10,000 must address termination for cause and for convenience by the non-Federal entity including the manner by which it will be affected and the basis for settlement.
- Equal Employment Opportunity. Except as otherwise provided under 41 CFR Part 60, all contracts that meet the definition of “federally assisted construction contract” in 41 CFR Part 60-1.3 must include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, “Equal Employment Opportunity” (30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, “Amending Executive Order 11246 Relating to Equal Employment Opportunity,” and implementing regulations at 41 CFR part 60, “Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor.”
- Davis-Bacon Act, as amended (40 U.S.C. 3141-3148). When required by Federal program legislation, all prime construction contracts in excess of \$2,000 awarded by non-Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, “Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction”). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency. The contracts must also include a provision for compliance with the Copeland “Anti-Kickback” Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, “Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States”). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.
- Contract Work Hours and Safety Standards Act (40 U.S.C. 3701-3708). Where applicable, all contracts awarded by the non-Federal entity in excess of \$100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These

requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

- Rights to Inventions Made Under a Contract or Agreement. If the Federal award meets the definition of “funding agreement” under 37 CFR §401.2 (a) and the recipient or Department wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that “funding agreement,” the recipient or Department must comply with the requirements of 37 CFR Part 401, “Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements,” and any implementing regulations issued by the awarding agency.
- Clean Air Act (42 U.S.C. 7401-7671q.) and the Federal Water Pollution Control Act (33 U.S.C. 1251-1387), as amended—Contracts and subgrants of amounts in excess of \$150,000 must contain a provision that requires the non-Federal award to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251-1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA).
- Debarment and Suspension (Executive Orders 12549 and 12689)—A contract award (see 2 CFR 180.220) must not be made to parties listed on the governmentwide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR part 1986 Comp., p. 189) and 12689 (3 CFR part 1989 Comp., p. 235), “Debarment and Suspension.” SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.
- Byrd Anti-Lobbying Amendment (31 U.S.C. 1352)—Contractors that apply or bid for an award exceeding \$100,000 must file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the non-Federal award.
- See §200.322 Domestic preference for procurements.
- Audit Requirements of 2 CFR §200.5XX (Subpart F)
 - Department must comply, and require any subcontractor to comply, with applicable audit requirements and responsibilities set forth in this MOU and applicable state or federal law.
 - If Department expends federal awards in excess of \$750,000 in a fiscal year, Department is subject to audit conducted in accordance with the provisions of 2 CFR part 200, subpart F. Copies of all audits must be submitted to Board within 30 days of completion.
 - Department must save, protect and hold harmless Board from the cost of any audits or special investigations performed by the Secretary of State with respect to the funds expended under this MOU. Department acknowledges and agrees that any audit costs incurred by Department as a result of allegations of fraud, waste or abuse are ineligible for reimbursement under this or any

other agreement between Department and Board.

- System for Award Management. Department must comply with applicable requirements regarding the System for Award Management (SAM), currently accessible at <https://www.sam.gov>. This includes applicable requirements regarding registration with SAM, as well as maintaining current information in SAM. Department must also comply with applicable restrictions on subawards ("subgrants") to first tier subcontractors (first-tier "Subcontractors"), including restrictions on subawards to entities that do not acquire and provide (to the Board) the unique entity identifier required for SAM registration.
- Whistleblower Protection Act. Department must comply and ensure the compliance by subcontractors, with 41U.S.C. 4712, Program for Enhancement of Employee Whistleblower Protection. Department must inform subcontractors, contractors and employees, in writing, in the predominant language of the workforce, of the employee whistleblower rights and protections under 41 USC § 4712.
- See § 200.216 Prohibition on certain telecommunications and video surveillance services or equipment.
- See § 200.323 Procurement of recovered materials.
- Recordkeeping Requirements. Department must maintain records and financial documents for five years after all funds have been expended or returned to the Board. Board may request transfer of records of long-term value at the end of such period. Wherever practicable, such records should be collected, transmitted, and stored in open and machine-readable formats.
- Department must agree to provide or make available such records to the Board upon request, and to the Government Accountability Office ("GAO"), U.S. Treasury's Office of Inspector General ("OIG"), and their authorized representative in order to conduct audits or other investigations.
- Civil Rights Compliance. Recipients of Federal financial assistance from the U.S. Treasury are required to meet legal requirements relating to nondiscrimination and nondiscriminatory use of Federal funds. Those requirements include ensuring that entities receiving Federal financial assistance from the U.S. Treasury do not deny benefits or services, or otherwise discriminate on the basis of race, color, national origin (including limited English proficiency), disability, age, or sex (including sexual orientation and gender identity), in accordance with the following authorities: Title VI of the Civil Rights Act of 1964 (Title VI) Public Law 88-352, 42 U.S.C. 2000d-1 et seq., and the Department's implementing regulations, 31 CFR part 22; Section 504 of the Rehabilitation Act of 1973 (Section 504), Public Law 93-112, as amended by Public Law 93-516, 29 U.S.C. 794; Title IX of the Education Amendments of 1972 (Title IX), 20 U.S.C. 1681 et seq., and the Department's implementing regulations, 31 CFR part 28; Age Discrimination Act of 1975, Public Law 94-135, 42 U.S.C. 6101 et seq., and the Department implementing regulations at 31 CFR part 23.
- In order to carry out its enforcement responsibilities under Title VI of the Civil Rights Act, U.S. Treasury will collect and review information from non-Tribal recipients to ascertain their compliance with the applicable requirements before and after providing financial assistance. U.S. Treasury's implementing regulations, 31 CFR part 22, and the Department of Justice (DOJ) regulations, Coordination of Non-discrimination in Federally Assisted Programs, 28 CFR part 42, provide for the collection of data and information from recipients (see 28 CFR 42.406). U.S. Treasury may request that recipients submit data for post-award compliance reviews, including information such as a narrative describing their Title VI compliance status. This collection does not apply to Tribal

governments.

- Equipment and Other Capital Expenditures. Department shall, and shall cause its Subrecipients to, maintain policies and procedures for the management of property and equipment that comply with all requirements of the applicable Uniform Guidance at 2 CFR Part 200, Subpart D, 2 CFR Part 2 CFR Part 200.311, 200.313 and 200.439, and specific requirements of the source of funds. These regulations shall apply to all equipment purchased with the federal funding.

Federal Funding Accountability and Transparency Act (FFATA) Certification***Background on FFATA Requirements**

Under the requirements of the Federal Funding Accountability and Transparency Act (Pub. L. No. 109-282), as amended by Section 6202 of Public Law 110-252, that are codified in 2 CFR Part 170, direct recipients of federal grants or cooperative agreements are required to report first-tier subawards and subcontracts of \$30,000 or more to the Federal Funding Accountability and Transparency Act (FFATA) Subaward Reporting System (FSRS).

Organizations that are requested to complete the FFATA Certification have been identified by Marion County as either a first tier subaward or subcontract and therefore, FFATA requirements are applicable.

Definition of Compensation

Total compensation means the cash and noncash dollar value earned by the executive during the Organizations preceding fiscal year and includes the following: (1) Salary and bonus; (2) Awards of stock, stock options, and stock appreciation rights; (3) Earnings for services under non-equity incentive plans; (4) Change in pension value; (5) Above-market earnings on deferred compensation which is not tax-qualified; and (6) Other compensation, as further defined in FAR 52.204-10(a) and 17 CFR 229.402(c)(2).

**Organizations that receive first tier subawards or subcontracts >\$30,000 are required to comply with FFATA requirements per 2 CFR Part 170 and FAR 52.204-10.*
