RESOLUTION # _____

This matter was presented to the Board of Commissioners at its Management Update on August 29, 2023, to adopt the Community Development Block Grant and HOME Investment Partnerships Programs Program Year 2022-2023 Consolidated Annual Performance Evaluation Report (CAPER).

WHEREAS Marion County, as an entitlement jurisdiction, under 24 CFR 91.520 is required to submit a CAPER to the United States Department of Housing and Urban Development. The performance report must include a description of the resources made available, the investment of available resources, the geographic distribution and location of investments, the families and persons assisted (including the racial and ethnic status of persons assisted), actions taken to affirmatively further fair housing, and other actions indicated in the strategic plan and the action plan.

WHEREAS Marion County, as an entitlement jurisdiction, is required by 24 CFR 91.520 to submit the CAPER to The United States Department of Housing and Urban Development within 90 days from the end of its most recent program year.

WHEREAS Marion County published a public notice of a thirty-day period for public comment on the draft 2022-2023 program year CAPER. This thirty-day period was from August 9, 2023, through September 8, 2023.

WHEREAS as part of the process for adopting a CAPER Marion County must hold a public hearing to take any additional comments on the draft CAPER. Comments are offered for consideration in clarification of information provided in the CAPER. This public hearing occurred on September 13, 2023.

IT IS HEREBY ORDERED that the Board of Commissioners approve the Program Year 2022-2023 Consolidated Annual Performance Evaluation Report to be submitted to the United States Department of Housing and Urban Development prior to the September 30, 2023, deadline.

DATED at Salem, Oregon, this 13th, day of September 2023.

CR-05 - Goals and Outcomes

Progress the jurisdiction has made in carrying out its strategic plan and its action plan. 91.520(a)

This could be an overview that includes major initiatives and highlights that were proposed and executed throughout the program year.

Marion County has now completed the first full year of program implementation. There were four goals for CDBG and four goals for HOME Investment Partnership Program (HOME) in the 2022-2023 Annual Action Plan. The four goals addressed in CDBG supported: Public Facilities & Infrastructure, Non-Homeless Special Needs, Non-Housing Community Development or Affordable Housing, and Support Program Success. The four goals addressed in HOME were: Affordable Housing (CHDO Set Aside), Affordable Housing (East Salem), Affordable Housing (County Wide), and Support Program Success. Of these projects the Public Facilities & Infrastructure (CDBG), Non-Homeless Special Needs (CDBG), Affordable Housing (CHDO Set Aside) (HOME), Affordable Housing (County Wide) (HOME), and Support Program Success (CDBG & HOME) have been implemented, and one is complete (Public Facilities & Infrastructure).

Comparison of the proposed versus actual outcomes for each outcome measure submitted with the consolidated plan and explain, if applicable, why progress was not made toward meeting goals and objectives. 91.520(g)

Categories, priority levels, funding sources and amounts, outcomes/objectives, goal outcome indicators, units of measure, targets, actual outcomes/outputs, and percentage completed for each of the grantee's program year goals.

Table 1 - Accomplishments – Program Year & Strategic Plan to Date

Goal	Category	Source / Amount	Indicator	Unit of Measure	Expected – Strategic Plan	Actual – Strategic Plan	Percent Complete	Expected – Program Year	Actual – Program Year	Percent Complete

Support Program Success	Non-Housing Community Development	CDBG: \$289,217 / HOME: \$63,863	Other	Other	5	0	0.00%	1	0.6027	60.27%

Assess how the jurisdiction's use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan,

giving special attention to the highest priority activities identified.

At the end of year two, Marion County had completed the full activity of one project which resulted in the acquisition of a facility to be used for transitional housing focused on recovery for individuals. The other project was to provide support for the operations of a new youth center serving primarily LMI youth and families. The remainder of the year was focused on establishing the foundational elements of the programs funded in the program year. Since this work was primarily performed by staff, there were no expenditures to outside agencies that will be part of implementing the programs. These expenditures will happen in the next program year.

Discuss the difference between goals and outcomes and problems encountered in meeting these goals.

The work this year focused on establishing the foundational elements of the programs included in the Annual Action Plan. To see Marion County’s down payment assistance and homeowner residential rehabilitation programs succeed, changes were needed. An increase to the maximum assistance per applicant had to be made in order to be effective and in line with current market conditions.

Discuss how these outcomes will impact future annual action plans.

We anticipate Affordable Housing progress (including expenditures) will begin in the next program year.

Include the number of extremely low-income, low-income, and moderate-income persons

served by each activity where information on income by family size is required to determine the eligibility of the activity.

CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)

Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

Marion County actively participates in the Continuum of Care and is looking for ways to help reduce homelessness as it was a priority identified in the Consolidated Plan.

Addressing the emergency shelter and transitional housing needs of homeless persons

Marion County is helping to expand transitional housing in year 2 of its consolidated plan. Marion County is analyzing ways in which it can continue to address emergency shelter and transitional housing needs.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

The transitional housing project previously mentioned is specifically targeted to serving these populations.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

Marion County actively participates with agencies that are working to help homeless persons transition to permanent housing and independent living. The transitional housing project previously mentioned is specifically targeted to serving these populations.

CR-30 - Public Housing 91.220(h); 91.320(j)

Actions taken to address the needs of public housing

Marion County staff works closely with the public housing authority on potential projects. It will continue to grow its collaboration in years to come as the CDBG/HOME Program can be a financial partner to future public housing projects if so desired.

Actions taken to encourage public housing residents to become more involved in management and participate in homeownership

Marion County is working with community partners to find ways for public housing residents to become homeowners. This group of community partners includes housing authorities, county and city governments, private investors, financial institutions, and developers.

Actions taken to provide assistance to troubled PHAs

Marion County Public Housing Authority is not considered a troubled Public Housing Authority.

DRAFT

CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)

Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)

Marion County is actively pursuing ways to help cities meet the growth challenges in Oregon. Marion county is analyzing ways to help alleviate affordable housing barriers throughout the county and is willing to work with any jurisdictions where issues may arise. Marion County will remain a partner in helping to educate and alleviate barriers to affordable housing including but not limited to analyzing ways to purchase land to help ease the cost to build housing in general.

Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)

Marion County participates with community partners to help address obstacles for underserved communities, including providing technical assistance whenever possible. Marion County is providing funding for the new HOPE Plaza project which is an expansion of Center for Hope and Safety, including retail space for job training and 20 apartments in conjunction with the Salem Housing Authority.

Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)

Marion County is committed to reducing any lead-based paint hazards when situations arise. At this time there were no projects that warranted lead-based paint concerns. Marion County anticipates that once the homeowner residential rehabilitation program is operational there may be a need to address lead-based paint hazards.

Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)

Marion County recognizes the importance of upward mobility for poverty-level families. It is important to the County to help families gain financial stability by homeownership. This is part of the intent for the down payment assistance program. Marion County has adjusted the program design to improve the opportunity for families to reach homeownership.

Actions taken to develop institutional structure. 91.220(k); 91.320(j)

As this program is still in the early years of establishment, the institutional structure continues to evolve to best fit the needs of the community.

Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)

Marion County is engaging with community partners to enhance coordination between public, private, and social service agencies. Participants include housing authorities, local governments, private donors, financial institutions, developers, shelters, food banks, and other social service agencies.

Identify actions taken to overcome the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice. 91.520(a)

In the five-year Consolidated Plan, there were four key fair housing goals identified in the analysis of impediments. Those four goals were to promote affordable homeownership and rental opportunities, promote community development activities in areas with higher rates of poverty, promote community and service provider knowledge of ADA laws, and increase outreach and education for housing providers in the county and the public. As the county develops the CDBG/HOME program it continues to build partnerships with community organizations that share the common goal of supporting and improving fair housing practices in Marion County.

CR-40 - Monitoring 91.220 and 91.230

Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements

Marion County is formalizing its monitoring program to ensure that subrecipients and all projects meet all applicable program requirements as determined by the funding source and the type of project funded. Additionally, oversight will continue to monitor adherence to project scope, schedule, and budget. A combination of data collected in quarterly reports, annual reports, data utilized in shared database project management systems, annual audits (if applicable), and site visits will provide a comprehensive overview of monitoring the subrecipient's performance. Red flags in scheduled reports or complaints filed against the subrecipient will automatically trigger a site visit to thoroughly investigate the issue.

Citizen Participation Plan 91.105(d); 91.115(d)

Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.

Marion County currently requires a 30-day public comment period for the Annual Action Plan and Consolidated Annual Performance Evaluation Report (CAPER). All public notices are produced in English and Spanish. The County has developed a comprehensive contact list for notice of funding opportunities, applications, Annual Action Plans, and CAPERs. Public notices are published in at least two local newspapers with regional circulation and an online presence, on the Marion County Community Services webpage, and notices of public hearings are also published through the Marion County Board of Commissioners notification process.

Marion County continues to seek ways to provide the public with opportunities to provide input. This can include partnering with other agencies conducting public events to have a presence, scheduling regular public input meetings, and participating in events with a broad range of public attendance. The public comment period for the CAPER was held from August 9, 2023 to September 8, 2023, with the Public Hearing held on September 13, 2023.

CR-45 - CDBG 91.520(c)

Specify the nature of, and reasons for, any changes in the jurisdiction’s program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.

There was one program objective change in the 2022-2023 program year. Funds originally designated for disaster relief were reprogrammed to the down payment assistance program. This was done in response to a substantial addition of other sources of disaster relief funds made available to households impacted by the recent wildfires in Marion County.

Does this Jurisdiction have any open Brownfields Economic Development Initiative (BEDI) grants?

No

CR-50 - HOME 24 CFR 91.520(d)

Include the results of on-site inspections of affordable rental housing assisted under the program to determine compliance with housing codes and other applicable regulations

Please list those projects that should have been inspected on-site this program year based upon the schedule in 24 CFR §92.504(d). Indicate which of these were inspected and a summary of issues that were detected during the inspection. For those that were not inspected, please indicate the reason and how you will remedy the situation.

None

Provide an assessment of the jurisdiction's affirmative marketing actions for HOME units. 24 CFR 91.520(e) and 24 CFR 92.351(a)

Marion County has no units to market.

Refer to IDIS reports to describe the amount and use of program income for projects, including the number of projects and owner and tenant characteristics

Marion County does not have any program income at this time.

Describe other actions taken to foster and maintain affordable housing. 24 CFR 91.220(k) (STATES ONLY: Including the coordination of LIHTC with the development of affordable housing). 24 CFR 91.320(j)

Marion County has established a down payment assistance program, and a homeowner residential rehabilitation program. These two programs are intended to increase opportunity for affordable home ownership, and the ability to stay in homes already occupied by LMI populations.
