**LOGIC MODEL – Goals, Objectives, Activities, Short and Long Term Outcomes**

**Goal:**
To implement a continuum of care where relationships between staff and at-risk, runaway, homeless, and street youth are built allowing for effective interventions to be put into place so that youth build their skills and capacities allowing for a safe exit from streets.

**Objectives:**
- Provide safety to homeless youth, and those at risk of becoming homeless, ages 11-17, 18 if still in school through outreach activities, basic needs assistance, and harm reduction.
- Increase well-being for youth by facilitating linkages to community resources for health care, education, employment, and cultural identity.
- Increase self-sufficiency for youth by enhancing skills for independent living, communication, relationship building, and self-reliance.
- Help youth to establish permanent connections with caring adults through family mediation and counseling, reconnecting to education, skill building and skill advancement efforts.
