Contract for Services Amendment	3	Integrated Supports for Living, Inc. dba IS Living	\$ 57,000.00	This agreement provides for janitorial services at 976-986 N. Pacific Hwy in Woodburn, OR. On call janitorial services are available at other County facilities. Contract has a not to exceed value of \$40,000.00. Because the ORF process was used no formal quoting procedures were required. Four ORFs were contacted and two provided priced quotes. Pricing has been approved by Oregon DAS ORF Administrator. Amendment #1 addresses an existing vendors name change as a result of a merger between Spruce Villa, Inc. and Oregon Housing and Associated Services Inc. The new name of the vendor is Integrated Supports for Living, Inc. dba IS Living. The period of performance of the agreement remains unchanged and there is no additional funding. Amendment #2 This retroactive Amendment extends the period of performance for this ORF through 30 June 2018. The amendment was delayed as the vendor was awaiting a price increase approval from the State ORF administrator which was received August 24, 2016 (see attached approval). Because the ORF process was used for the initial agreement, no formal quoting procedures were required. Four ORFs were contacted and two provided priced quotes. Pricing was approved by Oregon DAS ORF Administrator. There is no additional funding added at this time. Amendment #3 adds \$17,000.00 to the agreement and the period of performance remains unchanged.	FALSE	Health	7/1/2014	6/30/2018		7/6/2018

Contract for Services Amendment	1	Garten Services Inc.	\$ 100,000.00	Contract for the hauling and recycling of electronic waste collected at SKRTS and North Marion. This contract is retroactive back to July 1, 2017. Public Works has been contracting with Garten Services since 2008 under the State of Oregon's ORF program. It came to our attention that the services provided by Garten Services in this contract may not actually meet the specific requirements spelled out under the ORF program and that we may have flexibility in selecting another contractor. Once we were informed that Garten Services was still a ORF provider for these services, we sent them a contract. However they needed to have the State review the terms of our contract again to be sure that it's in compliance with the ORF rules. In all this process took much longer than anticipated, in part because of staff turnover at the State and because our own internal interpretation required input from several people. This was a unique circumstance that we don't foresee happening again so we do not anticipate this delay in the contracting process in the future. Amendment 1 makes the contract retroactive back to July 1, 2017, which should have been the case when the contract was originally signed (for the reasons stated above), but was overlooked.
