Caption 10 words which reasonably identifies the subject of the measure.

Two-Year Local Option Tax to Fund Emergency Service Operations

Question 20 words which plainly phrases the chief purpose of the measure.

Shall the District levy taxes of \$0.99 per \$1,000 of assessed value for two years beginning 2020-2021 for operations? This measure may cause property taxes to increase more than three percent.

Summary 175 words which concisely and impartially summarizes the measure and its major effect.

In May 2016, voters approved a levy for \$0.71 per \$1,000 of assessed property value to maintain fire and emergency service operations for Marion County Fire District #1. That levy expires in June 2020.

The Fire District is proposing a levy of \$0.99 per \$1,000 during the May Primary Election to replace the one that expires. The levy would fund emergency operations for two years, and cost \$198.00 per year for a property with an assessed value of \$200,000.

This replacement levy reflects an increase of 28-cents. That funding is designated for two firefighter/ paramedics to respond to increasing call volumes (5.2% higher on average per year), a deputy fire marshal, and emergency apparatus and equipment replacement.

The levy would raise an estimated \$3,319,968.00 in 2020-2021, and \$3,419,568.00 in 2021-2022.

The estimated tax cost for this measure is an ESTIMATE ONLY based on the best information available from the county assessor at the time of estimate and may reflect the impact of early prepayment discounts, compression and the collection rate.

The Fire District is not part of, nor does it receive funding from a city or county government. It is considered a separate taxing authority. More information on the replacement levy can be found at www.mcf1.com.
