

Marion County Dog Services Veterinarian Partnership Program

Congratulations on your newest family member! Marion County Dog Services would like to introduce you to local veterinarians who have joined our Veterinarian Partnership Program. Through the generous help of these participating veterinary clinics, **your newly adopted dog will be given one complimentary office visit!**

We strongly encourage you to take this opportunity to visit a local veterinarian and establish a lifelong relationship for you and your new dog. While Marion County Dog Services strives to adopt out pets in good health, many pets come into our care with unknown medical histories and can develop illnesses that may not be evident until they are in their new home environment. In partnering with local veterinarians, it is our hope that you find the ongoing support and care that your pet needs to ensure it lives a long and healthy life with you.

Please note that complimentary exams may vary from clinic to clinic. Please contact the participating veterinary clinic of your choice prior to your dog's visit for further explanation of coverage.
