## ***MEMORANDUM***

TO: Utility Allowance File  
RE: Annual Review  
DATE: October 19, 2017

---

In accordance with Federal regulations 24 CFR 965.507 and MCHA's administrative plan, utility allowances are reviewed on an annual basis and adjusted accordingly. Where the cumulative change is determined to be less than 10%, we are not required to revise the utility allowance, nor has it been our practice to do so.

Utility rates were reviewed most recently in October 2016 and compared to those used to establish the 2014 allowances currently being applied. At that time it was determined that the cumulative change varied between approximately 1% and 5%, so no revisions were made. This has been noted on each form HUD-52667.

MCHA is currently in the process of calculating regional (county-wide) utility allowances for implementation beginning January 1, 2018.
