South Salem High School Fentanyl Awareness project - Diana	Diana shares about 3 South Salem high school students who were working on a Fentanyl awareness project over the summer. The link to the video: <a href="https://youtu.be/-nLTfaGvts">https://youtu.be/-nLTfaGvts</a> The group discussed potential contributing factors to the increase in drug use in school aged students. Cleo wonders if there is a way to add in Spanish Closed Captions or voiceovers on the video presentation. Cleo explains that the Salem Keizer Migrant Family Program and Spanish Speaking families could benefit from this information as well, but often don't have access to initiatives or projects like this in their language. Diana will reach out to Capitol Community Media to see if there is a way to add in subtitles or voiceovers in Spanish.
