### **Review and Discussion: AMH/PHD project related to reducing opioid deaths in Oregon – AMH workgroup interim report attached**

- The majority of the deaths were people age 22-54 in Oregon
  - Dramatic increase in access to programs and prescriptions
  - Prescription overdose increased over 900% since 1999
  - Many people are being prescribed opioids for pain in the ER
- Looking to create a statewide awareness – Is this something that LADPC would want to take on as a project?
  - Pilot project of usefulness of contacting the PCP to make them aware that there client is being prescribed opioid medication.
  - Making Buprenorphine more available
    - It is harder to misuses and is a safer treatment
    - Not in the OHP formulary. It is more expensive
      - There is an exception process to get it
- 2 Levels of detox in Oregon
  - Social – non medical and Medical Detox or Enhanced detox
  - The state is going to support more medical detox situations
    - State is putting out an RFP for Enhanced Medical detox
    - Bridgeway is looking to apply to be a medical detox facility and would like the committee's support for the RFP – such as a letter of recommendation/support
    - Scott will email the RFP before the letter is written

**Motion.** As a committee we endorse the direction of this letter and ask that the chair write a letter to support that direction and upon review of the RFP write a strong letter of support if appropriate.

**Motion passed**
