

**Marion County Health and Human Services
COVID-19 Community Based Organization (CBO)
Grant Opportunity**

As the Local Public Health Authority (LPHA), Marion County Health & Human Services (MCHHS) will be contracting with culturally-specific Community Based Organizations (CBOs) in the county to ensure culturally and linguistically responsive community outreach and education strategies, testing, contact tracing and monitoring, and social service and wraparound supports in response to the COVID-19 pandemic.

MCHHS is currently accepting grant proposals from organizations experienced in providing culturally responsive services and supports to individuals who speak one or more of the following languages: Spanish, Russian, Chuukese, and Marshallese.

Proposals should include an estimated budget between \$50,000 and \$200,000 for the fiscal year ending on June 30, 2021.

To apply, please fill out the application forms on pages 2-4, and return to Health_Liaison@co.marion.or.us.

Timeline:

- Applicants may submit questions until Friday, July 24, 2020. Marion County will provide answers by July 31, 2020. Please send questions to Health_Liaison@co.marion.or.us.
- Application due no later than August 31, 2020. Please email applications to Health_Liaison@co.marion.or.us.
- Contracts will be completed after application is approved, and funds will be released by invoice once contracts are completed.
- All funds must be spent by June 30, 2021.

**Marion County Health and Human Services
COVID-19 Community Based Organization (CBO)
Grant Opportunity Application**

Name of Organization:

Is the organization contracting or intending to contract directly with the Oregon Health Authority for any activities related to COVID-19, including contact tracing?

Yes No Note: CBOs may contract with both OHA and Marion County.

Organization must be prepared to contract with Marion County Health & Human Services for two out of the three supports listed below. Please check all that apply:

Contact Tracing: A critical part of the case investigation process which involves calling individuals with a confirmed case of COVID-19 and asking them questions about places they've been and people they've had close interactions with, and providing education and resources. Training will be provided by Oregon Health Authority. Organization must have equipment to support contact tracing, including phones and computers, or the ability to obtain phones and computers within 3 months of the award.

Social and Wraparound Services: This category includes any services to assist individuals and families in safely isolating due to COVID-19, behavioral health services, food and supply deliveries, child care supports, or any other services identified by the CBO.

Outreach and Education: Any activities aimed at sharing important messaging and information with the community about COVID-19. Past examples include video production, direct calls, text messaging, and print advertising in appropriate languages. May include providing education to employers or other groups.

Please describe how the mission of the organization promotes health equity and delivering culturally and linguistically appropriate services. Please provide one example within the past two years.

In which languages are services and supports offered?

What services and supports is the organization prepared to contract with MCHHS to provide? Describe below:

Will the organization need to hire additional staff to fulfill these activities? If yes, please describe:

Utilize the table below to list proposed expenditures requested for the funding period. Add columns as needed.

Proposed Expenditure	Amount Requested	Justification
