Comments:

Marion County Health and Human Services is reaching out to healthcare partners to gain a better understanding of the needs around access to vaccines for individuals 65 and over, as well as future groups eligible for vaccine per Oregon's sequencing guidelines.

In order to help us assess provider capacity to provide vaccines to the populations they serve as vaccine becomes available, we ask that you take a few minutes to complete our provider survey online at: www.surveymonkey.com/r/L7BD6PN

We appreciate your dedication to providing healthcare services in our community during this difficult time, and look forward to your continued partnership.
