

# Use Find Care to locate a dental provider near you

Our provider directory tool can help you save money when seeking care.

Find Care, our online provider directory tool, makes it easy for you to locate an in-network provider by name, provider type, specialty, network, location, gender identity and more. Plus, finding an in-network dental provider that's right for you can also save you out-of-pocket costs.

## How to find a provider

1. Visit [deltadentalOR.com](https://deltadentalOR.com).
2. Under the "Online Tools" drop-down menu, select "Find a dentist".
3. Choose the "In Oregon or Alaska" link or "Outside of Oregon and Alaska" link depending on the state you live in.
4. Under network, choose the Delta Dental PPO or Delta Dental Premier network, which can be found on your member ID card.
5. Under location, enter in a city, state or zip code, and then search.

## Save costs when you choose in-network care

Getting quality care is easier and more affordable when you see "in-network" dental providers. These providers agree to accept your insurance at lower rates and meet quality standards. Choosing an in-network dental provider keeps your out-of-pocket costs low.

## In-and out-of-network costs

It's important to know you may pay more for services from out-of-network dental providers than from in-network providers. If you choose an out-of-network provider, your benefits only cover a percentage of the maximum plan allowance for these services. Out-of-network providers may also bill you for the difference between the maximum plan allowance and their billed charges. This is known as balance billing. In-network dental providers can't do this. Please see your plan summary or your Member Handbook to learn more about in-network and out-of-network benefits and costs.
