- Republic Services of Salem
- Suburban Garbage Service
- Valley Recycling & Disposal
The Past...

- Covanta Energy from Waste Facility reaches capacity
- Marion County searches for solutions
- Local haulers came together with an innovative idea
- **The solution - MRF - Material Recovery Facility**
The Past

In April 2000, the haulers opened the Marion Resource Recovery Facility (MRRF) in Marion County as part of their continual commitment to environmental stewardship.
Tipping Floor

36,000 square foot Processing Facility
Inbound Waste Stream

- C&D (construction debris)
- MSW (municipal solid waste)
- Mixed Organics/Yard Debris
- Curbside Recycle – commingle

Tons handled at MRRF:
- Year 2001 - 28,516 tons
- Year 2018 - 170,143 tons
- 103,535 tons of mixed waste
Sorting

Additional drop boxes added to support increased material processed.

MRRF enhancements since year 2000.

- 2nd sort shift started the summer of 2014
- Processing 7 days a week to support all SKRTS and NMRTS material.
“What we Recycle”
