The facility is accessible for people with disabilities.

Marion County Public Works will replace the bridge on Jefferson Marion Road SE located just west of Pletzer Road. This will require one eight-week road closure and detour around the work area along with a short term lane closure. We are eager to share new information about this project with local residents so they will know what to expect during construction. Please plan to attend this meeting to receive important information. Construction is scheduled for mid-May through August 31, 2018.

Meeting Purpose:

- Learn about the planned bridge replacement
- Learn about the road closure and detour plan and one short term lane closure
- Discuss emergency services, postal service and school bus service
- Provide feedback to the project team

Presentation Outline:

- Bridge and road design
- Construction schedule
- Temporary traffic control, detour and daytime lane closures
- Duration of road closure and lane closures
