## **Silverton Road Bridge Replacement Project Silverton Road Closure**

SALEM, OR – Silverton Road is currently closed between 60<sup>th</sup> Avenue and 64<sup>th</sup> Place for the replacement of the Silverton Road Bridge over the Little Pudding River. Due to utility and other unforeseen delays, the **Silverton Road closure is being extended to January 31, 2022**. Until the road is reopened, two well-marked detour routes will remain in place as shown on the attached map.

Closing Silverton Road during construction has ensured that all of the in-water work has occurred within the Oregon Department of Fish and Wildlife's designated in-water work window for the Little Pudding River in one construction season without impacting homes on either side of Silverton Road.

If you have questions or concerns regarding this notice or the project in general, please visit the project website at <https://www.co.marion.or.us/PW/Engineering/Projects/Pages/SilvRdBridge.aspx> or contact Desiree Tokyo, Office Specialist III, at (503)588-5036 or by email at [dtokyo@co.marion.or.us](mailto:dtokyo@co.marion.or.us).
