Downloading a
Permit from
ePermitting

Downloading a Permit from ePermitting

1. You will receive an automated notification from this email address:
MarionCountyNoReply@Accela.com when your permit is issued.
 - a. You will need this email for the next steps.
2. The email gives you a link to the Oregon ePermitting webpage, click on the link to go to the site. This will take you directly to your permit record.
 - a. If the link from the email does not work use this link:
<https://aca-oregon.accela.com/oregon/Default.aspx>
 - b. Once at the ePermitting homepage, hover over the yellow 'Search' section until the link for 'Public Works Permit' pops up and click on the link.
 - c. On this page searching by permit number will give you the best results.
3. Once in your permit record, double check that the Record Status says, 'Permit Issued'.

- a. If it does not say 'Permit Issued' you will need to wait to download your permit until a technician has issued it.
4. Click on the 'Record Info/Schedule Inspections' drop down and then click on 'Attachments'.
 - a. If the documents do not populate right away, refresh the page.
 5. Once the documents are loaded, click on the hyperlinked name of each document to download it. [See image below]
 - a. Make sure that you download every document in the record as each one makes up a part of your permit and your permit packet is not complete without all the pages.

- b. The website by default will only show you 5 documents at a time, you can click next to view the rest of the documents if there are more than 5.
