ELEVATION / FLOODPROOFING CERTIFICATION

[-186-11 a

INSTRUCTIONS: As a condition of approval for a Flood Plain Development Permit a certification of structure elevation or floodproofing may be required (Section 178.060 of the Marion County Zoning Ordinance). Section 1 of this form is for the purpose of certifying that a structure has been constructed so that the lowest floor is at an elevation of one (1) or more feet above the 100 year flood level. The certification must be completed by a registered land surveyor or civil engineer.

Section 2 is used to certify that a structure has been adequately floodproofed. It must be completed by a registered civil/structural engineer.

Please complete the applicable section and certification and return the completed form to the County Planning Department at 220 High Street NE, Salem, Oregon.

SECTION 1 Picnic Shelter "A" I certify that the structure located as	10991 Wheatland Ferry Rd. Gervais 97026
is at an elevation of 107.67 feet	is constructed so that the lowest floor t NGVD (mean sea level).
SECTION 2 I certify that the structure located as	t (address)
, together with the proposed utility and sanitary facilities, are designed so that the structure will be watertight to an elevation of feet NGVD (mean sea level), with walls substantially impermeable to the passage of water and structural components having the compaticapability of resisting hydrostatic and hydrodynamic loads and effects of bouyancy. My certification is conditional upon the actual construction of the building in strict accordance with the plans presented to me.	
In the event of flooding, will this degree of floodproofing be achieved with human intervention? (see Note) Will the structure be occupied as a residence?	
NOTE: Floodproofed with human interstructure when floods up to the REGISTERATE prior to the flood PROFESSIONALEID over doors and LAND SURVEYOR Affix seal here: OREGON AUG. 22, 1975	rvention means that water will enter the the the the base flood level occur, unless measures to prevent entry of water (e.g., bolting
