Sections:	

16.01.010 Zoning classification.

In order to achieve the intent and purpose in MCC 16.35.030, zoning classifications and overlay zones are hereby established for all unincorporated areas of Marion County located within urban growth boundaries as provided in Chapters 16.02 to 16.25 MCC. These classifications and overlay zones identify uses permitted subject to the development requirements in Chapter 16.24 MCC and Chapters 16.26 through 16.34 MCC. Conditional uses are subject to the development requirements in the applicable zone, in Chapters 16.26 through 16.34 MCC, and any requirements imposed as a condition of approval pursuant to MCC 16.40.030 and 16.40.040. Zone changes, other than legislative changes, are subject to the requirements of Chapters 16.26 through 16.34 MCC and any requirements imposed as a condition of approval pursuant to MCC 16.39.060 and 16.39.070. [Ord. 1301 § 4 (Exh. A), 2010; Ord. 863 § 5, 1990. UZ Ord. § 1.10.]

16.01.020 Designation of zones.

As prescribed in MCC 16.01.010, Marion County is divided into use zones. The zones included in this title are as follows:

Chapter	Classification	Abbreviation
16.02	Single-Family Residential	RS
16.03	Limited Multiple-Family Residential	RL
16.04	Multiple-Family Residential	RM
16.05	Commercial Office	СО

16.01.030 Comprehensive Plan designation and zone classifications.

Zone classifications implement the Comprehensive Plan designations. Because this title implements several city comprehensive plans and not all plan designations are identical for all cities, those in the Salem/Keizer Comprehensive Plan are used below. For cities other than Salem, the zoning administrator shall decide which of the following zones implement the applicable plan designation on the basis of the intent in the applicable comprehensive plan. The zone classifications below are listed in order of most restrictive to least restrictive under the appropriate plan designation. Following are the zones allowed in the Salem Area Comprehensive Plan designations:

Comprehensive Plan Designation	Zone Classification
Developing Residential	RS, UT, UD, RL, RM
Single-Family Residential	RS, UT, UD
Multifamily Residential	RL, RM, UT, UD
Commercial	CO, CR, CG, HC, UT, UD
Industrial	IC, IP, IG, IH, UT, UD
Community Service	Р

[Ord. 1454 § 4 (Exh. B), 2023; Ord. 1301 § 4 (Exh. A), 2010; Ord. 863 § 5, 1990. UZ Ord. § 1.30.]

16.01.040 Zoning map.

This title includes official zoning maps. The maps, together with all explanatory matter thereon, identify the boundaries of the zones and overlay zones established in Chapters 16.02 to 16.25 MCC, and the application of land use regulations in this title to certain lands. The maps shall be filed in the office of the zoning administrator. The zoning administrator shall amend the maps when so directed by county ordinance. The maps shall be available for public review and copies of the maps shall be provided at reasonable cost. When requested the zoning administrator shall certify that a copy of all or a portion of any map "is the current zoning map contained in the Marion County Zoning Ordinance" on a specific date. [Ord. 1301 § 4 (Exh. A), 2010; Ord. 863 § 5, 1990. UZ Ord. § 1.40.]

16.01.050 Battery Energy Storge Systems

Notwithstanding any other provision in code, a commercial battery energy storge system, which uses batteries to store electrical energy for use on the electrical grid, is not allowed in any zone. This prohibition does not apply to personal battery storage systems that do not primarily store power for public use or sale.

17.110.720 Interpretation of title.

A. The director may, in the administration of this title, issue an interpretation of its provisions consistent with subsections (B)(1) and (2) of this section. This interpretation is not a land use decision and is not appealable.

B. When, in the administration of this title, there is doubt by the director regarding the intent of this title, the director may request an interpretation of the provision by the planning commission or hearings officer, who may issue an interpretation of the question if they have determined that such interpretation is within their power and is not a legislative act. Any interpretation of this title shall be based on the following:

1. The purpose and intent of this title as applied to the particular section and question; and

2. The opinion of the Marion County legal counsel when requested by the director, planning commission or hearings officer.

C. The director, planning commission or hearings officer may decide that the interpretation of the question is not within their power or that there is insufficient basis upon which to make an interpretation and may request the director to study the problem and, where necessary, propose an amendment to this title.

D. The interpretation by the planning commission or hearings officer shall be forwarded to the board for its information. Copies of the interpretation shall also be furnished each commissioner, the hearings officer and the director. When such interpretation is of general public interest, copies of such interpretation shall be made available for public distribution. [Ord. 1271 § 5, 2008; Ord. 1227 § 4, 2006; Ord. 1180 § 4, 2003; Ord. 1168 § 5, 2002; Ord. 1055 § 4, 1997; Ord. 516 § 2, 1978. RZ Ord. § 110.720.]

17.110.725 Interpretation of uses.

The following rules shall apply in interpreting use classification and descriptions:

A. Within each zone, uses are classified as "permitted" and "conditional." Further, uses are functionally classified by description of the particular activity (such as "single-family residence"), or by reference to a category in the Standard Industrial Classification Manual, 1987 (SIC). The SIC is an aid to interpretations. Where the term used to describe a permitted or conditional use is defined in this code, the definition takes precedence over any SIC classification.

B. When uses have a functional SIC classification, the applicable SIC index number assigned to the manual is referenced as an aid to interpretation.

C. Where a use is not described with reference to the SIC manual or defined in this code, the words describing such use are to be given their ordinarily accepted meaning. The descriptions and lists of included activities in the SIC classifications may be used to interpret which use classification is appropriate for a particular use not specifically identified in this title.

D. A use defined in this code is also included within an SIC category, and it is the intent that the use defined in this code be allowed in a zone where the SIC category including the defined use is referenced even though the use is not specifically referenced in the zone.

E. A use defined in ORS Chapter 215 or OAR Chapter 660 takes precedence over any definition or SIC classification. [Ord. 1271 § 5, 2008. RZ Ord. § 110.725.]

17.110.730 Similar uses.

The director may permit in any zone any use not described or listed in this title for any other zone if, in the opinion of the director, the requested use is of the same general type and is similar to the uses permitted in the zone. Such review and permission shall be made in the same manner as other interpretations of this title. The director shall use the Standard Industrial Classification Manual, 1987, as a guide in making this interpretation. [Ord. 1271 § 5, 2008; Ord. 1227 § 4, 2006; Ord. 1180 § 4, 2003; Ord. 1168 § 5, 2002; Ord. 1055 § 4, 1997; Ord. 516 § 2, 1978. RZ Ord. § 110.730.]

17.110.735 Battery Energy Storge Systems

Notwithstanding any other provision in code, a commercial battery energy storge system, which uses batteries to store electrical energy for use on the electrical grid, is not allowed in any zone. This prohibition does not apply to personal battery storage systems that do not primarily store power for public use or sale.
