				Contract for the hauling and recycling of electronic waste						
				collected at SKRTS and North Marion. This contract is						
				retroactive back to July 1, 2017.						
				Public Works has been contracting with Garten Services since						
				2008 under the State of Oregon's QRF program. It came to						
				our attention that the services provided by Garten Services in						
				this contract may not actually meet the specific requirements						
				spelled out under the QRF program and that we may have						
				flexibility in selecting another contractor.						
				Once we were informed that Garten Services was still a QRF						
				provider for these services, we sent them a contract.						
				However they needed to have the State review the terms of						
				our contract again to be sure that it's in compliance with the						
				QRF rules. In all this process took much longer than						
				anticipated, in part because of staff turnover at the State and						
				because our own internal interpretation required input from						
				several people. This was a unique circumstance that we don't						
				foresee happening again so we do not anticipate this delay in						
				the contracting process in the future.						
				Amendment 1 makes the contract retroactive back to July 1,						
				2017, which should have been the case when the contract
