Group also discussed other ways of getting additional information in to meetings, such as inviting in people, groups or programs that deal with these specific issues.
  - No groups have been contacted yet.
  - We need to be very specific in our intent and what we are asking of groups when we invite them in and reasons for partnerships.
  - How does the group want to structure future meetings? We must adapt to outside programs schedules and flexibility.
  - Suggestion was made to reach out to Salem-Keizer school district regarding their policies around youth drug use.
    - Late fall may be a better time to get schools involved rather than at the beginning of the school year.
