<ul> <li>Gauges – Working, Accurate</li> <li>Readings within Parameters</li> </ul>			
☐ Piping – Good Repair, Marked, No Leaks			
	Lifeguard Supervision ring routine lifeguard supervision. Items such as rescue tube use, scanning		

Use the space below to note any items of interest noted during routine lifeguard supervision. Items such as rescue tube use, scanning technique, alertness, use of sun protection, distractions, rescue incidents, people skills, etc. These notes can be used later for individual coaching or in-service training. Documentation can show behaviors noted and modified for liability and supervision purposes. More complete documentation should be included, as needed, in each employee's personnel files.
