The 2023 Volunteer Annual Report offers a glimpse into the many contributions made by volunteers who have donated time to a county program, division, or department. While the report provides some quantifiable information, it can never demonstrate the immeasurable impact our volunteers make.

2023 bustled with activities in Marion County, and volunteers worked alongside staff through it all. 1,149 volunteers provided program support to Dog Services, 4-H and Extension Services, the County Fair, Victim Services, Justice Court, the Law Library, Environmental Services, Emergency Management, and the Sheriff's Office. We also hosted 40 students for their formal internship or practicum placements, helping them to meet their academic and professional goals.

174 community members served in an appointed position on behalf of the Marion County Board of Commissioners or the Sheriff, making the commitment to attend and actively participate on a board, committee, or commission. Many have served multiple terms and bring an unmatched perspective and historical knowledge to the table.

The year was filled with wonderful memories, and marked by many moments when volunteers showed us what it means to care and work on behalf of others. Regardless of the challenges, Marion County volunteers showed up ready to help and we are grateful for their service!

Sincerely,

Sherry Lintner, Marion County Volunteer Services Coordinator

Volunteers spent over 2,800 hours walking, playing, and helping to assess the dogs in our care and over 1,300 hours helping with shelter and clinic operations. Foster volunteers donated nearly 6,500 hours caring for dogs in their home, which is far less stressful than the shelter and can be critical for nursing, medically fragile, or highly stressed dogs. Volunteers also help with transportation, community outreach, and special licensing and adoption events.

Spotlight: Key Volunteers and Fair Superintendents support the Marion County Fair by providing project management for special events, projects, and open competitions. These dedicated volunteers spend several months planning and organizing, and then are on site during the fair to make sure everything runs smoothly.
